Residential Products & Services

Home Heating Oil

We know how busy you are, and that's why we offer "one stop shopping" for all your heating oil needs. We provide the finest quality fuel oil products, including **No. 2 fuel oil** and **No. 4 fuel oil**. When it comes to **fuel deliveries**, you can rest assured your comfort is in the best—and most reliable—of hands. All of Metro's deliveries are made with our own 50 truck fleet from our ultra-modern storage facility strategically located in the New York metropolitan area. For even more convenience, we also offer **residential payment plans**, such as budget plans, price cap plans and prompt-payment discounts. And if you're looking for the best in **heating oil equipment**, look no further than Metro. We offer a wide array of ultra-efficient systems from the industry's top manufacturers.

Natural Gas

When we call ourselves a "full-service energy company," we mean it! Metro believes in creating a more competitive energy marketplace, which is why **we specialize in marketing natural gas** at low prices to homes and businesses. We can lower your cost of heating, cooking or manufacturing by providing gas at lower prices than your local utility. Just think—you'll enjoy gas heating comfort as well as the personalized service of a local, family-owned business! Furthermore, if you're considering a **new gas heating system**, we have a large selection of top quality gas heating systems to choose from, and we'll perform the **complete installation**.

Our Family of Heating Service Plans

By simply signing up for a **Metro Service Plan**, you're protecting your family's comfort with the most effective shield possible. Designed to protect you against unexpected repair costs, our service plans also help you eliminate future problems; our annual tune-up discovers small problems before they become big headaches. Best of all, our plans are priced affordably to suit your budget. Remember—any type of heating system is prone to breakdowns, burst pipes and repairs. With a Metro Service Plan, you can avoid costly surprises and enjoy peace of mind.

Commercial Products & Services

Commercial Heating

Why are Metro's commercial products and services such a success? It's our business approach: *we work hard to be the kind of people you want to do business with.* You'll see this dedication firsthand in our commercial heating capabilities, where we have over 60 years of experience providing quality controlled heating fuels at a competitive price. For **commercial heating oil**, we deliver **No. 4 fuel oil** and **No. 6 fuel oil** for mid- to large-size apartment buildings, factories and industrial production facilities. If you depend on **natural gas**, Metro provides gas at less-than-utility prices to help you reduce heating and manufacturing costs.

MetroMax™ Premium Diesel Fuel

Here's proof of our diesel fuel quality: it's so good, it's trademarked!

Companies throughout New York and New Jersey can enjoy our **custom-blended diesel fuel, MetroMax™**. This premium diesel allows for better fuel economy and increased power while preventing the engine problems that occur with ordinary fuels. MetroMax™ also includes detergents to maintain clean fuel systems. At Metro, we strive to maintain cleanliness and quality in every gallon of MetroMax™. In fact, because of our personal involvement in maintaining strict control over product quality, we can assure you of its purity and that it meets all current EPA regulations.

Metro Gasoline

We provide **premium gasoline** for the vehicle fleets of cab and bus companies, commercial bakeries, armored car services and more—if you need to keep your fleet rolling, we make it easy. Metro wholesales gasoline directly from our terminal to numerous independent stations throughout the area, and our gasoline customers can always count on competitive prices and high-quality fuel. We even go so far as to monitor octane levels and test every shipment in our laboratory to make certain it's worthy of being sold as Metro Fuel. Let our quality gasoline products and vast distribution system work for you.

Commercial Fleet Fueling

Operating your business is hard enough without worrying about the cost of fuel and its availability. Metro **fleet fueling** is the solution. Our terminal facility is located in Greenpoint, Brooklyn and is open for business 24 hours a day, 365 days a year. It receives fuel from pipeline and barges to provide an uninterrupted supply, and our fleet of over 50 vehicles delivers your fuel product promptly to wherever you need it. No fleet is too small or too large for us to accommodate and we service the entire metropolitan area. In addition to fleet fueling, we offer on-site fueling services.

What is the *Metro* Difference?

When Metro opened its doors in 1942, we were determined to consistently surpass our customers' expectations. Much has changed since we started off as that small delivery company, but our focus on quality remains the same. Behind every service we perform is our company principle—*we treat you as we would want to be treated ourselves*.

Today, Metro serves thousands of homes, multi-family dwellings, commercial buildings, industrial facilities and government agencies in the New York metropolitan area. Whether you own a home or business, we have the right tools, products and people to meet your energy requirements.

At Metro, we believe the best way to deal with people is straight-up and honest. That is the main reason our customers have allowed our family business to grow and succeed throughout the decades. When you're part of the Metro Family, you can be confident we'll provide superb products, reliable service, and a steadfast commitment to your continued comfort.

As a Metro customer, you're guaranteed...

The Personal Attention You Want

We understand that trust is the most important part of any business relationship. We pride ourselves on the long-term friendships that we've built with our customers, many of whom have been with us for decades.

The Responsive Service You Want

When you need service, we're here for you 7 days a week, 365 days a year. All of our service vans are well stocked and radio-dispatched for fast response, and our technicians will treat your home and property with care and respect.

The Modern Equipment You Want

You get more than the finest service from Metro. We carry the highest quality heating and cooling equipment, and all installations are performed with the highest levels of professionalism and expertise.

The Quality Fuel You Want

When you purchase heating oil from us, you know you're getting the very best. Every gallon we receive at our terminal is tested twice—once by our own quality control team and once by an outside independent laboratory.
